

BRAIN ANEURYSM FOUNDATION  
**DAY OF ENGAGEMENT**  
 9.15.22

## CORPORATE SPONSOR PACKAGE

For nearly 30 years, the Brain Aneurysm Foundation has served as the global leader in brain aneurysm research, education, support, and advocacy.

To continue to drive this important work ahead, the Brain Aneurysm Foundation is excited to launch its first Day of Engagement on September 15th, 2022. Held in concert with the annual Research Grant Symposium, the Day of Engagement is a 24-hour global day of philanthropy, advocacy, and participation where all members of the Brain Aneurysm Foundation community can come together to collectively support and advance the mission by making a gift, attending regional events, and sharing stories through social media.

We are seeking corporate partners for our Day of Engagement to fuel our focused work in research, advocacy, and education, and to support the Foundation's annual operations. Our corporate partners play a leading role in promoting the mission of the Brain Aneurysm Foundation and making the lives of those impacted by a brain aneurysm better.

	<b>CHAMPION \$50,000</b>	<b>CHANGE MAKER \$30,000</b>	<b>AMBASSADOR \$20,800</b>
	Representing the 1 in 50 people in the U.S with a brain aneurysm	Representing the 30,000 ruptures per year	Representing the <b>meager \$2.08</b> the federal gov. spends on research per person affected each year
