BAF Research Grant Proposal Details

Research Abstract

Abstract of Proposed Research

Briefly describe the research project technical approach and anticipated results. Describe how this project will potentially advance the field of brain aneurysm research and/or translate to directly benefit those affected by brain aneurysms.

Abstract should not exceed half-page, single spaced limit.

(No response)

Description of Project in Lay Terms

This should be a succinct description of the project with specific aims. Please disclose if this project is part of a larger planned project. Justify your plan for needed funds and feasibility of the scope of work. Do not exceed 3 pages (4 pages with appendices).

You will be prompted to upload this in an upcoming task.

Budget

Budget

Direct Costs Only

Start Date: 10/01/2026

End Date: 09/30/2026

Budget For Max. Amount Offered	(No response)
